China Qingdao

# 1 Introduction\*

## Long History & Comprehensive Majors

Qingdao Vocational and Technical College of Hotel Management, which was established with the approval of Shandong People's Government in 2002, is a government-owned, full-time, vocational higher education institution in China. The college, which belongs to Shandong Education Department and Shandong Lushang Group, was founded in 1945 and has more than 60 years' history of vocational education.

The college currently consists of 8 departments, including Tourism and Hospitality Management Department, Hotel Engineering Department, Culinary Art Department, Business Management Department, Information Technology Department, Art Department, General Education Department, Ideological & Political Education Department and one Continuing Education School. Now it has six main specialty group and more than 40 majors.

## Convenient Location & Advanced Equipments

The college, which takes only 30 minutes drive to Qingdao Liuting airport, is located in the world famous Mountain Lao scenery and adjoined to the site of 2014 Qingdao World Horticultural Exposition. It has modern library, multimedia classrooms, computer rooms, language labs, campus network, campus radio and television and other modern teaching facilities and advanced equipments.

In 2012, the college was selected as the very first special features elite skill-based project construction unit in Shandong province, becoming the key demonstration base of high quality and skilled personnel.

## Wide-ranging Exchange & Attractive Special Projects

The college adheres to the theory of open and international development, has established an extensive cooperative relationship with the educational institutions and enterprises. The high level international communication pattern, which exports local high-quality educational resources and introduces foreign high-quality educational resources, has been built. The college launched featured programs of higher vocational education, including Chinese Culinary Skills Training, Chinese short-term characteristic culture experience, Chinese language learning, etc.
